

Lions Clubs are Ready to Help

Right now, Lions clubs are making a difference around the world. That's because whenever Lions clubs gets together, problems get smaller and communities get better. Our 45,000 clubs and 1.3 million members in over 200 countries makes Lions Clubs International the world's largest service organization.

Lions Clubs Offer a New Opportunity

Lions clubs have offered people the opportunity to give back to their communities and help those in need since 1917. Soon, a Lions club will be established in your community, giving you the opportunity to become an active volunteer, a member of a respected international organization, a leader in your community and a friend to people in need.

Lions Clubs are Unique

Lions clubs support sight programs, assist the disabled, feed the hungry and provide disaster relief assistance. And that's not all. Each Lions club chooses their own projects and activities to fit the lifestyles of its members and benefit their community the most.

How New Clubs are Formed

Lions clubs get started when members of the community are invited to join. Lions volunteers host several informational meetings to continue building membership and to discuss possible project ideas that are meaningful to the community.

Once the club has 20 members, or fewer if forming a club branch, club officer elections are held and the charter application is submitted to Lions Clubs International. Included with the application is a one-time charter fee of US\$30 per members. Annual international dues of US\$39, in addition to any district and club dues, are billed to the club bi-annually. Charter fee exemption and reduced international dues are available to qualifying family members, students, graduating Leos and young adults with proper certification.

After the charter application has been processed by Lions Clubs International, the club is covered by LCI's liability insurance and members may begin to implement their service projects.
