FOLDERS (3)			

Within each folder there are two reports:

- 1. **Dashboard report**—Selecting a dashboard report provides you with high-level information in graphical format. Information can be viewed either globally or by constitutional area. Use screen capture to save a copy of a dashboard report.
- 2. Drilldown report—Drilldown reports are ones in which you click on an organizational level [+], and view details of the level below. [-] indicates that this is the lowest level you can see. To save a copy of the rows displayed, you can use the Export to Word function. Export to Word provides a formatted table that can be manipulated in Excel, if needed. If you would like a copy of all data rows, use Export to CSV.

Report Details

Each report is described on the following pages:

- 1) LCIF Donations Dashboard 2) LCIF Donations Drilldown Report
- 3) Membership Dashboard

- 5) Service Activities Dashboard

- 4) Membership Drilldown Report
- 6) Service Activities Drilldown Report

1) LCIF Donations Dashboard

This dashboard displays donation data with the following options:

- A) Select a box in the timeline area to select donation data for a timeframe from one month to multiple years.
- B) Slide the bar beneath the timeline area to change the years shown; Pull the circles at the ends of the bar to extend the timeline backward or forward.
- C) Show association-wide donation data or use the pulldown option to choose a constitutional area.
- D) Show all donor types or use the pulldown option to choose a specific type: Club, District, Individual Member, Individual Non-Member, Multiple District or Other

Note: All data reflect the timeframe selected. All donation amounts are US dollars.

This dashboard displays:

1. Total Donations - Total amount of donations processed by LCIF

- 2. Total Donors Total count of unique donors
- 3. Average Donation Total amount donated divided by the number of gifts

4. Per Member Giving Average - Total amount donated divided by the number of members of Lions Clubs International

5. Donations by Donor Type – A chart displaying the percent of donation amounts by donor type: Club, District, Individual Member, Individual Non-Member, Multiple District and Other

6. Member Participation - Percent of members who have donated (note: percentages less than 1 are reflected as 0)

7. Club Participation - Percent of Lions clubs that have donated or have at least one member who has donated (note: percentages less than 1 are reflected as 0)

8. Gifts \$25K+ - Count of gifts processed with amounts of \$25,000 to \$99,999

9. Gifts Amount \$25K - Total dollars raised through gifts donated with amounts of \$25,000 to \$99,999

10. Gifts \$100K+ - Count of gifts processed with amounts of \$100,000 and over

11. Gifts Amount \$100K+ - Total dollars raised through gifts donated with amounts of \$100,000 and over

12. Individual Donations - Amount of personal donations by both members and nonmembers

13. Non-individual Donations - Amount of donations by clubs, districts, multiple districts and other entities

14. Restricted Donations - Amount of donations categorized as restricted

15. Unrestricted Donations - Amount of donations categorized as unrestricted

Comparisons

The above data are shown with a comparison to the same timeframe in the previous year. In the example above, the July 2018 through September 2018 timeframe is selected, so all comparisons will be with the July 2017 through September 2017 timeframe.

Each comparison box displays a triangle pointed up or down, indicating whether donations have increased or decreased, followed by the amount of the change and the percent of the change.

2) LCIF Donations Drilldown Report

This report enables you to see donation data at all organization levels. Begin by selecting the **A)** starting and ending months and years of the report. You can also choose to select **B)** an individual Constitutional Area. Then click the **C)** View Report button.

3) Membership Dashboard

This dashboard displays membership data with the following options:

- A) Select a box in the timeline area to select membership data for a timeframe from one month to multiple years.
- B) Slide the bar beneath the timeline area to change the years shown; Pull the circles at the ends of the bar to extend the timeline backward or forward.
- C) Show association-wide membership data or use the pulldown option to choose a constitutional area.

Once you determine the data you would like to see, the dashboard displays the following information:

- Retention rate 1 Year New members: percent of members who joined during the selected month in the previous year who are still active a year later. If multiple months are selected, the rates for each month are averaged.
- 1b. Retention rate 1 Year Overall Members: percent of all members active during the selected month in the previous year who are still active a year later. If multiple months are selected, the rates for each month are averaged.
- 1c. Retention rate 3 Year New Members: percent of members who joined during the selected month 3 years previously who are still active 3 years later. If multiple months are selected, the rates for each month are averaged.
- 1d. Retention rate 3 Year Overall Members: percent of all members active during the selected month 3 years previously who are still active 3 years later. If multiple months are selected, the rates for each month are averaged.
- 2. Membership Gain/Loss: the difference between total members added and total members dropped in the selected timeframe.
- 3a. New Clubs: number of clubs chartered in the selected timeframe.
- 3b. Dropped Clubs: number of clubs canceled in the selected timeframe. Unlike other measures, dropped clubs are good [green] when these numbers go down.
- 3c. Status Quo Clubs: number of clubs that are not active in the selected timeframe.
- 3d. Reorganized Clubs: number of clubs that have returned to active status from cancelation or status quo in the selected timeframe.
- 4a. New Members: number of members who have been added in the selected timeframe except for charter members.

- 4b. Charter Members: number of members of newly-formed clubs within 90 days of charter approval. They also include reinstated charter members of existing clubs.
- 4c. Reinstated Members: number of members who returned to active status from cancelation or status quo in the selected timeframe.
- 4d. Dropped Members: number of members from canceled clubs and transfer members in the selected timeframe. Unlike other measures, dropped members are good [green] when these numbers go down.
- 4e. Transferred Members: number of members who dropped from their clubs in good standing and transferred their memberships to other clubs in the selected timeframe.

Comparisons

Each piece of data is shown with a comparison to the same timeframe in the previous year. In the example above, the June through November 2017 timeframe is selected, so all comparisons will be with the June through November 2016 timeframe.

Also, the number of new clubs is 1,216. In the box to the right of that number is a triangle pointed up, meaning the number has increased. It has increased by 222 clubs, a 22% increase.

The box is colored green, indicating this is a positive result. Red boxes indicate data that has not improved since the previous year timeframe. Note that increases in dropped clubs, status quo clubs, and dropped members are not positive results and red boxes are displayed.

4) Membership Drilldown Report

This report is similar to the monthly Membership Cumulative Report, but provides real time data with the following enhancements:

- A) You can select the month and year. When changed, click the **View Report** button (B) to display the report.
- C) Constitutional areas, multiple districts and districts can be expanded to view more information.

Once you determine the data you'd like to see, the drilldown report displays the following columns, from left to right:
