The District Strategic Plan Workbook directs district teams to platforms such as Insights, LCI Real Time Reports and the Membership Reports Toolbox, where users can find service activities, membership development, leadership development and LCIF data to support in the development of the 2023-2024 District Goals. This resource will be available on the 2023-2024 District Goals webpage beginning in November.

7. How does the Global Membership Approach fit in with the 2023-2024 District Goals?

The established membership development goal focuses on three data points: new members, new club development and re-motivating members with fellowship and service.

First vice district governors/district governors-elect will complete their district membership development goal using the Global Membership Approach.

Through this process, districts along with their regions/zones will be able to conduct a strategic analysis of the needs of their district, set realistic membership targets and build a plan to ensure a successful year ahead.

Global Membership Approach developed goals and action plans will be submitted through the District Goals submission platform once available.

Although the Global Membership Approach is focused on membership development, the fundamentals of the approach can also be applied to support the three other district goals focus areas: Leadership Development, Service Activities and LCIF support. Check out the [Plan for Your Club's Success](#) for more information on implementing the plan at the club level.

8. Our district holds training for club officers and/or zone chairpersons before the start of the Lion year, what is the process for completing my leadership development goal?

In the development of the district-specific goal, FVDGs/DGEs will want to indicate when the 2023-2024 incoming officer training will be held prior to July 1, 2023 and indicate a deadline for when the GLTs will report the training in Learn. They may also choose to indicate that the training for the 2024-2025 incoming officers (of which they will be responsible for in their DG term) will be provided in June 2024.
