## Changing Lives:

Being a Lion is a life-changing experience. Our service is a joy that inspires people and changes the way they view the world. Every day, we are changing the lives of those we serve, as well as the lives of those who serve.

My district has positive membership growth and has exceeded last year's growth.\*

## Changing Communities:

Change happens when everyone in the community is invited to share their voice. Promoting diversity and inclusion, and peace and understanding is critical to ensuring that we are making our communities a welcoming place for all. As Lions, we need to ensure that we are sharing the story of our service and inviting new members to join us every day as we continue to change our communities for the better.

My district has promoted diversity and inclusion, and peace and understanding.

## Changing the World:

We are global citizens and part of an international community. We serve humanitarian needs around the world through our Foundation. By encouraging the clubs within our district to contribute to LCIF, we are strengthening our ability to provide service wherever in the world it is needed most.

My district has increased contributions to LCIF.\*
