Local Partnerships

What benefits do you see in developing local partnerships?

- ☐ Increasing club visibility
- ☐ Enhancing service quality
- ☐ Increasing the impact of projects
- ☐ Attracting new members

Lions Clubs International

Developing local partnerships

Lions and Leos know that we can achieve more when we work together. That's why partnering with like-minded organizations in your community is a great way to increase the visibility, reach, and quality of your service projects. This guide will help you prepare your club for a partnership, as well as identify and approach potential partners.

Fast facts

What is a partnership?

- » A group of organizations that share a common interest and agree to work together toward a common goal

Why should we partner with another organization?

- » Complement your club's strengths and fill in capacity gaps
- » Contribute additional assets and skills that improve your service projects
- » Act as a teammate in advocating for joint goals

Developing Local Partnerships Guide
