# LIONS CLUBS INTERNATIONAL FOUNDATION MATCHING GRANT APPLICATION

# FUNDING PRIORITIES AND MISSION STATEMENT

Matching Grants provide capital funding to help establish or expand Lions-initiated humanitarian service projects that address critical and diverse human and social needs around the globe. Humanitarian service projects are charitable in nature and include vital health and human service needs not adequately addressed by governments and other funding sources. LCIF funding is prioritized for the equipment and infrastructure needs of such projects.

All grant proposals should be humanitarian in nature, in keeping with LCIF's mission: "To empower Lions clubs, volunteers, and partners to improve health and well-being, strengthen communities, and support those in need through humanitarian services and grants that impact lives globally, and encourage peace and international understanding."

## GUIDELINES

Matching Grants are awarded from US\$10,000 up to US\$150,000. Applications from developing countries are eligible for up to 75 percent of the total project budget. Applications from developed countries are eligible for up to 50 percent of the total project budget (see criterion 5 of the Matching Grant criteria).

The LCIF Board of Trustees reviews all eligible Matching Grant applications three times per year. The deadlines to apply are February 1, May 1, and October 1.

### STRONG APPLICATIONS INCLUDE THE FOLLOWING ELEMENTS:

- ✓ Address an important humanitarian need
- ✓ Support efforts too large for one club to undertake alone
- ✓ Provide long-term benefits
- ✓ Serve a large population or region
- ✓ Involve Lions in hands-on activities
- ✓ Identify Lions closely with project
- ✓ Raise significant funds from local Lions clubs
- ✓ Improve the quality of life for at-risk and vulnerable populations
- ✓ Highlight the presence of Lions in the community or region

## PROJECT EXAMPLES INCLUDE BUT ARE NOT LIMITED TO:

- Projects impacting the lives of youth in developing countries, including schools, orphanages, and centers for children
- Projects impacting the lives of the disabled, including physical rehabilitation and the provision of facilities and equipment to help address the specific educational needs of the disabled
- Projects that strengthen access to and improve the provision of medical care in communities, including expanding and equipping charitable or not-for-profit medical facilities
- Projects to address the needs of at-risk and vulnerable populations in the community, such as expansion of nursing homes, hospices, facilities for the elderly, food banks, and clean water and sanitation installation in developing countries
- Projects that support long-term disaster reconstruction of important public and community facilities damaged or destroyed by natural disasters after all other LCIF funding has been fully expended (such as Major Catastrophe Grants and designated disaster grants)

## NON-ELIGIBLE PROJECTS:

- X Requests under US\$10,000 or over US\$150,000
- X Individual assistance
- X Situations more appropriately funded by the government or other institutions
- X Operating and/or administrative expenses
- X Grants intended to repay loans or establish reserve funds, including endowments
- X Community “beautification” projects: parks, swimming pools, playgrounds, monuments, memorials, gardens, and athletic fields
- X Lions clubs meeting facilities and clubhouses
- X Single-club projects (grants require a minimum involvement of two clubs)
- X Scientific research
- X Construction of residential housing
- X Purchase of land and buildings
- X Salaries, stipends, scholarships, or honorariums
- X Community centers/multi-purpose facilities
- X Projects lacking Lions identity and involvement
- X Consumable supplies and shipping expenses

# FREQUENTLY ASKED QUESTIONS

## 1. Who can apply for Matching Grants?

Lions districts and multiple districts can apply for Matching Grants.

## 2. Would a project that has started or is completed qualify for funding consideration?

Matching Grants are only available for projects that have not begun in any way. If the project that LCIF is being asked to fund has started or is completed, the request is ineligible. Grants are not provided on a reimbursement basis. When submitting Matching Grant applications, it is important to consider the project start and completion dates, as well as the timing of the three annual LCIF Board of Trustees meetings where decisions are made on Matching Grant applications.

## 3. What is a pro-forma invoice?

A pro-forma invoice is a documented cost estimate or quotation that must be acquired from the manufacturer or vendor from whom the equipment will be purchased or from the construction company that will perform the work. This documentation is required in the submission of the application.

## 4. How many clubs must financially support a Matching Grant project with local matching funds?

At a minimum, two clubs must make a significant financial contribution to the project by securing and/or raising local matching funding. Ideally, many more clubs are involved in the development and execution of the grant project.

## 5. Can donations-in-kind qualify as local matching funding?

Local matching funding in the form of cash is required by the district or multiple district that is applying for the grant. Donations-in-kind, while appreciated, are not admissible toward the local Lions match. Additionally, Lions' volunteer time with the project may not be converted to a cash value. The local match must be new funds specifically raised for the project that LCIF is being asked to fund.

## 6. Is there a grant award minimum and/or maximum?

The grant minimum is US\$10,000 and the maximum is US\$150,000. A developing country may request 75 percent of the overall project cost up to US\$150,000 and developed countries may request 50 percent of the overall project cost (not to exceed US\$150,000).

## 7. How many Matching Grants can a district or multiple district apply for at one time?

A district or multiple district may have two Matching Grants in process at any time. This means either approved or in the review process. Once an approved grant is closed through the submission of a satisfactory final report, a new application can be submitted.

## 8. What are the application deadlines?

Applications may be considered at the LCIF Board of Trustees meeting three times per year in August, January and May. The deadlines to apply are February 1, May 1, and October 1. It is recommended that applications be submitted well in advance of the application deadline. Applications that are incomplete or require additional time for clarification of details may be held over for review at a later board meeting.

## 9. What is the process once the application is submitted to LCIF?

LCIF will acknowledge receipt by email or letter. This communication from LCIF will confirm the receipt date, identify the LCIF regional program specialist that will provide the preliminary review (to determine eligibility) and provide a tracking number for the application. The specialist will follow up with the district or multiple district with any questions to clarify the goals and objectives of the project. There could be a few questions or several as the specialist works to determine the eligibility of the application and project.

In some cases, Lions may be asked to revise the proposal to more closely meet the grant criteria. Lions may be given a deadline by which to respond. Only applications that are complete and eligible will have the opportunity to move forward for review by the LCIF Board of Trustees.

## 10. What are the possible outcomes from the board's decisions?

The board may approve a grant (at the full request or a reduced amount), table a grant (pending the need for more information or revision), or deny a grant request. A grant that is tabled is neither approved nor denied, as additional information is required before a decision can be made.

## 11. If the grant is approved, how long will it take to get the grant funds?

Grant approvals often come with grant conditions. The primary conditions for Matching Grants include: 1) verifying collection of the required local matching funding and 2) signing and returning the grant agreement. Other conditions may be placed on grants as the board deems appropriate. LCIF will not release the grant funds until all grant conditions are fully met. Lions have six months from the approval date to collect their required local matching funding. Once all required information has been submitted, grant funds can be disbursed within 14 business days.

## 12. Who is responsible for managing the grant funds for approved grants?

The grantee district or multiple district is responsible for the grant, and the district governor (for a district level grant) or council chairperson (for a multiple district level grant) in office at the time a grant is approved is considered the grant administrator. The grant administrator is responsible for ensuring that the grant funds are properly utilized for the purpose approved by the board. The grant administrator is also responsible for ensuring that LCIF receives a timely final report upon the completion of the grant project.

# MATCHING GRANT CRITERIA

1. Projects should serve many people, and ideally entire communities, to maximize the charitable impact of LCIF funding. Additionally, priority is given to projects serving the neediest sectors of society and demonstrating financial need.
2. Grants are considered for projects exceeding the financial resources and fundraising capabilities of the applicant Lions district or multiple district and participating clubs. Single club projects are not eligible. There must be at least two clubs involved in the financial support of the project. Financial involvement from a district or multiple district is considered representative of all its respective clubs.
3. Grant proposals may be submitted by any Lions district (single, sub- or multiple). Applications submitted by single or sub-districts must be signed by the current district governor and be certified via resolution by the district cabinet. Multiple district applications shall be signed by the council chairperson and certified via resolution by the council of governors. The appropriate cabinet or council meeting minutes at which the application was certified must be submitted with the application.
4. The maximum grant amount that may be requested is US\$150,000 and the minimum grant amount that may be requested is US\$10,000. If approved, the grant funds shall not be disbursed until the required matching funds are collected locally, per the approved project budget.
5. Grants may only be requested for up to 50 percent of the project budget for developed countries. Developing countries shall be eligible to apply for up to 75 percent funding. The minimum contribution regulation is determined for the district or multiple district submitting the application. (NOTE: Maximum grant request is limited to US\$150,000.)
6. In addition to Lions' involvement and identity with the project, the applicant Lions district or multiple district and participating clubs must make a significant financial commitment to the project. While the clubs involved may not contribute equal amounts in local matching funding, the amounts should be comparable to demonstrate that the project is not primarily funded by a single club. At least half of the local matching funds must be secured and/or raised by the Lions submitting the grant application. (Note: Projects with the financial support of only one Lions club are not eligible.)

7. A district may only have two Matching Grant applications and/or approved grants in process at any one time. For districts comprising multiple countries, each country shall be able to have two applications or projects in process. In considering a second grant for a district or country, LCIF will take into consideration the progress being made on the ongoing LCIF-funded project.
8. Grants shall not be made on a continuing basis to any single project.\* Projects or institutions receiving a Matching Grant must wait one year after submission of the final grant report before applying for a new grant, provided that the previous grant for the same project has met its objectives.

\*An exception to this requirement is a large-scale project that involves several districts. In these cases, each participating district may submit a grant application for separate and distinct elements of the overall project. These multiple requests will be considered on a case-by-case basis where a maximum of three Matching Grant applications may be considered for a single beneficiary project at any one time. Each applicant should demonstrate a significant and historical relationship with the beneficiary project.

9. Grant applications should include signed letters of support from all project collaborating partners. The letter(s) shall explain the role of the collaborating partner in relation to the proposed project and clearly state the nature of their support (resources, personnel, cash, in-kind, etc.).
10. Although many health care projects qualify for consideration, grants requesting construction of new hospital facilities/medical clinics will be considered on a case-by-case basis. Further evaluation will be required to determine need, justification, and sustainability. Priority will be given to projects aiming to upgrade and expand existing health care facilities.
11. Matching Grants are not available for projects more appropriately addressed through other LCIF grant programs. Information on other foundation programs is available at [www.lcif.org](http://www.lcif.org) or by contacting LCIF.
12. Grants may not be requested for community enhancement-type projects, such as the development of libraries, community centers, swimming pools, athletic fields, and parks.
13. Grants requesting funding to support routine maintenance are considered on a case-by-case basis. Grants are typically not available for upgrades resulting from new government regulations.
14. Funding priority for vocational training centers is for established projects with a demonstrated track record of success that focus on the training and employment needs of the mentally and physically disabled, an objective more in line with the humanitarian priorities established for LCIF. Funding may be considered on a case-by-case basis for vocational training projects targeting other at-risk or disadvantaged groups provided that there is a strong implementing partner with a track record of successful training that leads to employment and the project is an expansion of an existing, sustainable, and proven successful vocational training program.
15. The LCIF Board of Trustees meets three times annually. These meetings are held in August, January and May. The deadlines to apply are February 1, May 1, and October 1. Grant applications must be received at LCIF in completed form at least 90 days before an LCIF Board of Trustees meeting in order for possible consideration at that meeting. Since additional information is frequently requested, it is recommended that applications be submitted well in advance of the application deadline. NOTE: Applications that are incomplete or require additional time for clarification of details may be held over for review at a later board meeting.

# MATCHING GRANT REGULATIONS

1. Projects that seek LCIF funding shall have a strong Lions identity and ongoing involvement of local Lions. Priority is given to projects in which Lions provide volunteer services, have a track record of previous support, and a clearly identifiable role in helping administer the project and/or institution involved.
2. Each grant application is judged solely on its own merit and the degree to which it meets the criteria and the humanitarian funding priorities of LCIF as established by the Board of Trustees.
3. LCIF grants are intended for projects in early developmental (planning) stages. The project that LCIF is being asked to fund should not have commenced. This applies to equipment that is either partially secured or otherwise acquired on loan, through financing, or by deposits made prior to the LCIF rendering a decision. Additionally, completed projects are not eligible for funding, nor shall grants be used to repay loans, establish financial reserves, or reimburse project expenditures made prior to grant approval. Projects requesting funding as a reimbursement are not eligible.
4. Grant applications submitted to LCIF must identify a single organization, entity, program, or group as the beneficiary of the grant project. Applications for projects that propose support for multiple beneficiary organizations are not eligible.
5. Applications from a district or multiple district seeking to implement a project outside of the applicant district/country will be considered on a case-by-case basis. If a grant project is to take place in a country outside the applicant's district, the project shall have the endorsement, and preferably, the active involvement of the local Lions district. In countries where there are clubs but no district structure, the local clubs closest to the project need to endorse the project. In all cases, detailed information on the role of local Lions in the project should be provided to LCIF. In countries where no clubs exist at present, the applicant Lions district must be able to demonstrate the ability to properly oversee, evaluate and report on the project. Grant applications from undistricted areas will be considered on a case-by-case basis and in accordance with LCI structures.
6. Grant applicants must submit their project proposals using the applicable grant application form, completing the application form in its entirety. The project budget must clearly itemize all project income sources and expense items; project income must equal expense. Incomplete applications or proposals submitted in other formats will be ineligible.
7. Applicants failing to answer correspondence from LCIF on their application within 120 days will result in their application being subject to withdrawal. Resubmission may be required.
8. Applications previously withdrawn or rejected may be resubmitted only if they have been revised to address the reasons for denial/withdrawal.
9. The local matching funds may only be in the form of cash contributions. In-kind donations, whether land, labor or materials, will strengthen the proposal and should be highlighted in the project write-up, but such in-kind support may not be included in the budget as part of the matching funds toward the LCIF grant. Additionally, local matching funds must represent cash available or pledged for the current project being proposed.
10. If applicable, a minimum of one-half of the required local matching funds for a grant application shall be confirmed as collected prior to the application moving forward for consideration by the LCIF Board of Trustees or other approving body. A recent bank statement must be provided to confirm the status of the funds as collected. Grant programs which have their own specific guidelines for the collection of local matching funds prior to consideration of approval will follow those guidelines.
11. Applicants have six months from the date of approval to collect and secure their local matching funding. Note: LCIF does not release grant funds until the local matching funding is collected and readily available for the implementation of the project. Approved grant-funded projects shall be implemented in a reasonable timeframe and completed within two years from the date of the grant approval. Extensions may be considered on a case-by-case basis. After sufficient consultation with the applicant, LCIF retains the authority to rescind grants that are either not initiated or not making sufficient progress within this two-year timeframe. Any disbursed funds that are not adequately documented shall be returned to LCIF if the grant is rescinded.

12. Approved grants are made payable to the appropriate Lions grantee entity as indicated in the grant agreement (district, multiple district). The district governor or multiple district council chairperson in office at the time the grant is approved shall serve as grant administrator for the life of the project. In the case of club level grants, the club president in office at the time the grant is approved shall serve as grant administrator for the life of the project. It shall be his/her responsibility to disburse funds to the project and account for the LCIF grant funding. If a project is carried over into a new fiscal year, the grant administrator must provide copies of progress and final project reports submitted to LCIF to the current district cabinet or multiple council. LCIF reserves the rights to replace grant administrators and project chairperson as necessary. The selection of grant administrators and project chairpersons from districts comprising more than one country and undistricted areas will be on a case-by-case basis.
13. Neither Lions clubs members nor their families shall receive individual or professional benefit as a result of an LCIF grant, or have proprietary interest in projects receiving LCIF assistance. Considering LCIF's accountability to its donors and the public, the grantee must take all reasonable steps to ensure that the grant administrator, project chairperson, and any other individuals with signing authority to allow for disbursement of the grant do not have personal, financial, or professional interests that could conflict with, or appear to conflict with, the application or implementation of this grant. If there is or appears to be a conflict of interest, it must be disclosed to LCIF immediately.
14. The grantee shall recognize Lions International with support from its foundation, Lions Clubs International Foundation (LCIF), for its role in this project. For physical projects, a plaque or signage bearing the inscription, "This project made possible through the cooperation of Lions International and its foundation, Lions Clubs International Foundation" should be prominently displayed. All promotional materials must likewise acknowledge Lions International and LCIF's involvement with this project. Confirmation acknowledging Lions International and LCIF's involvement with the project must be included with your final report. Copies of any publicity received as a result of this grant should be submitted to LCIF as part of the record of grant activities.
15. Grantees are responsible for submission of a thorough report detailing project results and the exact use of LCIF funds upon completion of the project (report forms are issued with grant award letters). Grantees failing to submit such a report for a completed project will not be eligible to receive any additional grants.
16. Fluctuations in exchange rates or changes in project expenses that impact a grantee are beyond LCIF's control. LCIF assumes no obligation to provide other or additional support to a grantee.
17. LCIF claims no ownership of and disclaims any liability for any property or equipment that may be funded by an LCIF grant. In the event there is a desire to transfer or sell any property or equipment funded by an LCIF grant, the grantee shall inform LCIF and consult with LCIF staff regarding the intended beneficiaries of such transfer or sale. Unless otherwise specifically approved in writing by LCIF, any property or equipment funded by an LCIF grant shall be transferred or sold only to an appropriate charitable entity that will continue to utilize such property or equipment only for charitable purposes in the respective community in accordance with the intent and provisions of the original grant agreement and policies of LCIF. Additionally, any funds derived from transfer or sale of such property or equipment shall be utilized only for charitable purposes in the respective community and shall not result in any private inurement or personal benefit to any individual or non-charitable entity.
18. Grant applications requesting support for health care facilities shall only be considered for not-for-profit or public institutions with a demonstrated commitment to serving the poor and uninsured.
19. For grant programs that fund vehicle purchases, grant applicants should request assistance with no more than one vehicle per grant application. Grant applications asking assistance for the purchase of more than one vehicle will undergo additional scrutiny in the review process and justification of multiple vehicles will need to be provided. Furthermore, LCIF prefers applications where the vehicle purchase is not the sole major project expense, while acknowledging that in some well-designed projects, it will be the sole major project expense.

# MATCHING GRANT APPLICATION

Please review the Matching Grant criteria and regulations before completing this application. All information requested below must be provided to LCIF to determine eligibility for funding consideration. Applications must be received at a minimum 90 days before a scheduled LCIF Board of Trustees meetings. These meetings occur annually in August, January and May. The deadlines to apply are February 1, May 1, and October 1.

The LCIF Board of Trustees and staff reserve the right to request additional pertinent information as needed.

LCIF will acknowledge receipt of the application via email. This email will provide a grant tracking number for your reference when communicating with LCIF about the application. Proposals formatted for other agencies or PowerPoint presentations created for general fundraising campaigns will not be accepted.

Questions regarding the Matching Grant criteria and the application process should be directed to the LCIF Global Grants Division at [LCIFGlobalGrants@lionsclubs.org](mailto:LCIFGlobalGrants@lionsclubs.org).

# APPLICATION CHECKLIST

Before submitting your Matching Grant application, please take a moment to review this checklist to ensure that your application is complete and ready to be sent to LCIF.

- ✓ All questions have been answered in detail.
- ✓ Meeting minutes of the district cabinet (for district-level applications) or multiple district council meeting (for multiple district level applications) are included.
- ✓ Signature endorsement of the current district governor (for district level applications) or the current multiple district council chairperson (for multiple district level applications) is included.
- ✓ Required supporting documentation is included:
  - Architectural drawings, pro-forma invoices and land ownership verification for construction projects
  - Equipment brochures, pro-forma invoices, and supplier price quotations for all items to be purchased for equipment projects
  - Photos of current conditions for expansion and renovation projects
  - Five-year financial plan outlining future project income and operating expenses
  - Memorandum of Understanding or letter from partner organizations outlining roles in the project
- ✓ You have maintained a copy of the entire application for your records, prior to submission to LCIF.

## APPLICATION SUBMISSION

Applications must be submitted directly to the LCIF Global Grants Division. Applications submitted through other departments may cause the application to be received after the application deadline date and will delay the review process. If you do not receive response in two weeks, please follow-up to ensure the application was received.

The completed application and required supporting documentation may be submitted to LCIF in hard copy or electronic copy. However, electronic submissions are preferred. Please only send one copy. If sending by regular mail, please send via a reliable courier service (i.e. DHL, FedEx, other). This ensures that the document can be traced if lost in transit.
